

PHYSICIAN OPPORTUNITIES

Hospitalist

Baptist Primary Care, a large physician network with over 120 physicians, provides Hospitalist coverage at each of our four adult hospitals. Physicians mainly focus on just one hospital, striving to provide quality care and seek the appropriate balance of schedules. Each group is constantly growing, so CVs always welcome.

Primary Care

Baptist Primary Care is a physician run network affiliated with Baptist Health. BPC has over 120 physicians in over 40 practice locations throughout NE Florida and SE Georgia. Due to recent acquisitions and community growth, BPC is in search for several BC/BE Family Medicine or Internal Medicine physicians interested in an outpatient practice.

Obstetrics and Gynecology

With current and projected demographic growth throughout the First Coast region, multiple OB/GYN practices are looking to expand. Baptist Health is looking for additional physicians interested in partnering with an established, reputable group to provide the highest quality of women's care in Baptist's Circle of Care.

Neurology

Baptist Health and several local physicians are teaming together to develop a strong neurological group to meet the growing needs of the community. Recent growth to 5 neurosurgeons and Stroke Certification has increased the demand for neurology services at Baptist Medical Center Downtown. Come be a part of this exciting new adventure.

PHYSICIAN OPPORTUNITIES

General Surgery

Baptist Health is working with several general surgery groups that seek to add a partner in 2011. This is a great opportunity for a BE/BC surgeon looking to partner with an established physician group. Multiple practice scenarios available. Let us help you create your dream job in a town primed for the right balance between work and play.

Urology

Solo Practitioner in beautiful northeast Florida coastal community is seeking BE/BC Urologist to join established, thriving practice. Continued practice growth and expansion create the need for an urologist to deliver quality care to meet the demands of the community in a progressive, fully equipped area hospital. Generous compensation package with incentive bonus based on production and a short partnership track. Benefits included! All candidates welcome – new graduates, experienced practitioners and fellowship trained.

Psychiatry

Baptist Health System is conducting a search for a full time adult psychiatrist to work ½ time inpatient and ½ time outpatient for a large locally owned and operated hospital system. Physician will provide medical services for a multi-disciplinary, full spectrum of care behavioral health department with inpatient, partial hospital, intensive outpatient, and outpatient services.

Baptist Behavioral Health is the only psychiatric group affiliated with a health system in NE Florida. Come be a part of a dynamic team of clinicians and professionals serving the mental health population of North Florida and South Georgia. With a newly renovated inpatient unit overlooking the St. Johns River, we are proud to offer the perfect environment for patient care.
